

The Grangemouth Cluster Schools Vision: It's About You.

We asked our community what we should be doing to make your learner journey the best it can be and what you need to be successful, confident, responsible and effective contributors to your community and the wider world.

The answer is our shared vision, which is simple, direct, and focused on your future. Our schools and early years settings work in partnership to ensure our learners receive the best opportunities across Grangemouth.

Our Vision: We are Grangemouth: *Together, we shape the future.*

For our Grangemouth learners this means:

1. Ambition drives us.

We believe you can do amazing things, with no limit to your potential! We will support, teach and encourage you to achieve your goals and realise what you are truly capable of, whether that's into a pathway of employment, trade, further education or university.

2. Respect guides us.

Our community treats everyone fairly. We aim to build an inclusive environment where it is safe to be yourself and where you are heard. No one succeeds alone: respecting each other is at the heart of how we move forward together.

3. Our community unites us.

Our schools and early years settings are at the heart of the Grangemouth community; a team connected to our town. We succeed when families, learning environments, and our community work together.

Together, we shape the future.
